**Q: What are you getting out of your chamber membership?
A: What are you putting into your membership?**

An organization is only as good as it's membership. Do you regularly attend the monthly chamber breakfast meetings? If not, you are missing out on an opportunity where you can learn about new businesses, events and happenings as well as network with fellow small business owners, managers, elected officials and community leaders.

Do you support local community events? Nah, there's nothing to do in Grant County - not so! There's always an event or gathering going on in our community. You just have to make it a priority to support them!

Do you read the chamber monthly newsletter? It's packed with information that businesses need and should want to know. You can lead a horse to water but you can't make him drink and enjoy it! As the summer rush winds down, make an honest effort to attend a chamber meeting or event and get the most out of your membership. That's a choice you have to make, no one can make it for you.
